

## Monthly Spending Plan

### Calculate Income

Sources of Monthly Income	\$ Amount
Take home income of wage earner #1	
Take home income of wage earner #2	
Social Security or Pension Benefits	
Child Support	
Alimony	
Public Assistance	
Veterans Benefits	
Food Stamps	
Other Income	
<b>Total Monthly Income</b>	

Step 1	Your monthly <u>take-home</u> income	\$
Step 2	Fixed Expenses	\$
Step 3	Flexible expenses	\$
Step 4	Money to set aside for seasonal expenses	\$
Step 5	<b>Total Expenses</b>	\$
Step 6	Subtract expenses from take-home pay	\$
Evaluate the amount of money in Step 6. Is your income greater than your expenses?		

## Fixed Monthly Expenses
