

Beef Cattle Reproduction Management School with Artificial Insemination

- August 7 - 11 , 2017 ● Deseret Ranches,
13754 Deseret lane, St. Cloud, FL 34773.

This week long school is for the serious cattle producers interested in improving their bottom line. All factors involved in reproduction management of the beef cattle herd are covered including artificial insemination and pregnancy determination. Morning instruction and practice is conducted in the cow pens and the afternoon sessions are in an a/c classroom. Noon cooked meals, all books, and supplies are included. Limited seating available and registration will be handled on a first come/first served basis.

Topics include:

- Pregnancy diagnosis
 - Bovine Reproductive Anatomy
 - Beef cattle handling practices
 - Artificial Insemination
 - Genetic selection tools
 - Hands-on demonstrations
 - Rectal palpation
 - Much more!
- Program Cost: **\$400.00**
